

NEWS FROM TECHNICAL TRAINING ORGANIZATION WITH OUR IVORY COAST AND NIGERIA DISTRIBUTORS

We were together with our Ivory Coast and Nigeria distributors and Egypt customer for a technical training... We shared business and friendship... It was effective and joyfull...

Together with our Ivory Coast and Nigeria distributors our focus was VABIO Series Auto Hematology Analyzers and our NEW SABIO140 Automated ESR Analyzer running directly from EDTA Tubes... Of course, we had a short city tour together after working a lot...

We strongly believe in our cooperation and success by combining our powers.
Thank you Mr. Bamba Zah and Mr. Oluwole Fadayomi...
